

BRONZE MEMORIAL & GRANITE REQUIREMENTS / JAN 2024

MONTGOMERY CEMETERIES LLC (DBA) JUDEAN MEMORIAL GARDENS AND NORBECK MEMORIAL PARK

Founded as a Memorial Park in 1975, Judean-Norbeck has since maintained rigorous standards of quality, uniformity and simplicity; congruent with the traditions of our clientele, and in keeping with the *Memorial Park* design concept. In support of these standards we consider only *industry standard quality* (see page 2) products and processes for inclusion in the Cemetery.

These exacting standards apply to all materials and products used in the Cemetery whether they are purchased here or elsewhere. Hence it would be prudent for anyone desiring to place a monument in the Cemetery to familiarize themselves with the (accepted) memorialization products displayed in our showroom. **Products that do not meet these standards risk rejection by the Cemetery Management.**

Granite Base Requirements:

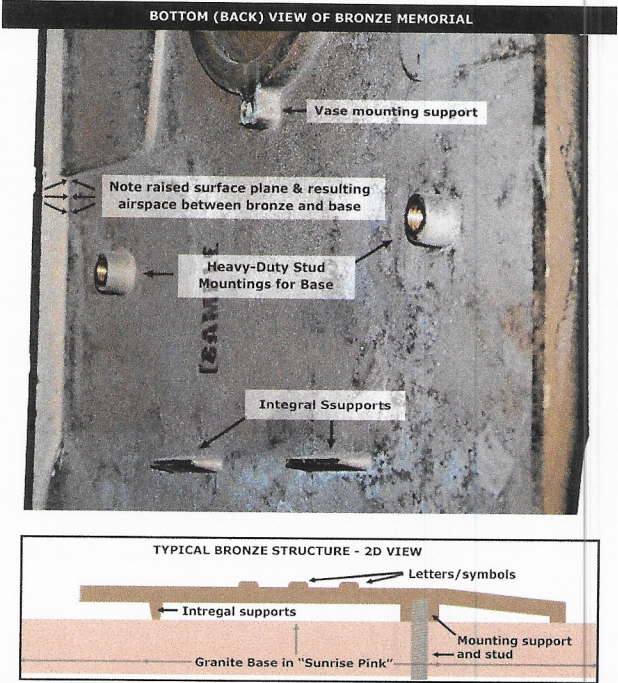

- 1. Permitted colors for Granite Bases are *Pink Pearl* or *Kershaw Pink*.
- 2. Granite Bases to be at least three (3) inches thick with polished top and sawed sides.
- 3. Installation and Inspection charges to be paid in full prior to installation, with one month allowed for installation.
- 4. Granite Base must not have holes or gaps other than those necessary for attachment of Bronze. (I.e. "no vase" means no vase hole!)
- 5. Memorials must be installed such that granite will be level - minor grade changes to accommodate proper installation must be sodded.

Bronze Memorials:

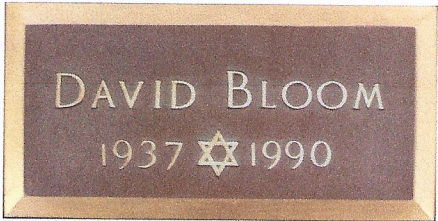

- 6. Bronze memorials must adhere to industry-standard* quality construction, fittings and finish (coloration). Additionally, as defined in the Cemetery Rules and Regulations, the bronze alloy composition must conform to the following:
 - i. Copper: not less than 87%
 - ii. Tin: not less than 5%
 - iii. Lead: not more than 2.5%
 - iv. Zinc: not more than 5%
 - v. Other elements combined: not more than 1%
- 7. No part of any Bronze shall exceed one (1) inch above Granite Base.
- 8. Lettering or character(s) shall not exceed ¼" in height and shall be rounded so that no sharp edges are present.
- 9. No Bronze shall exceed ½" thickness at border edge.
- 10. Bronzes must be secured to their Granite Bases prior to delivery to Cemetery.
- 11. Sizes: Companion Bronze Memorial (when two sites purchased side-by-side): 44"x14" with 48" x 18" Granite Base, in *Pink Pearl* or *Kershaw Pink*.
- 12. Sizes: Companion Bronze Memorial (when TTC double-depth site purchased): 16" x 24" with 20" x 28" Granite Base, in *Pink Pearl* or *Kershaw Pink*.
Sizes: Single Bronze Memorial (for single sites): 24" x 14", with 28" x 18" Granite Base, in *Pink Pearl* or *Kershaw Pink*.
- 13. Bronze & Granite specs must be pre-approved by Cemetery prior to shipment.
Suggestion: cc your orders to us so that we can catch issues before they're set in stone.
- 14. Contractor must sign (this) Requirements notification.
- 15. Lot Owner Authorization must be signed.

“INDUSTRY STANDARD” QUALITY

The Matthews Bronze exemplifies our specifications. We do not require a Matthews product – **we do require** equivalent quality materials workmanship, structural design, dimensions, & finish.

The illustrations (left & below) illustrate bronze memorial features, specifications and requirements.

Colors: the two hues permitted in the Cemetery (shown above) are Matthews Light and Dark Oxide Stain.
Note: lettering and artwork must not exceed a height of .25 inch (1/4 inch) above the flat marker surface.

- All lettering, numbers, ornamentation and insignia must be free of sharp edges and finely buffed. Background colors must match our own (see illustration). Any new type, style, color or brand of memorial must receive prior approval by our maintenance experts and the Association.
- All bronze lettering, numbers, ornamentation, insignia, and structural design must match ours. If new types, styles, colors or brands that don’t match are to be considered, a sample showing all letter/ number/ ornamentation/insignia types must be received before approval can be possible.
- Permitted colors are *Pink Pearl*, and *Kershaw Pink*
- For Cemetery installation, Bronze Memorials must arrive at the Cemetery correctly secured to Granite Bases and conforming to the above specifications (see 10, 11 & 12 above).

2024 FEE SCHEDULE

Note: "Layout & "Inspection" fees apply to all memorials installed in the cemetery.
